Her father's ancestors had owned a wide, rich domain on the wide, rich island of Way. Claiming no title or court privilege in the days of the kings, through all the dark years after Maharion fell they held their land and people with firm hands, putting their gains back into the land, upholding some sort of justice, and fighting off petty tyrants. As order and peace returned to the Archipelago under the sway of the wise men of Roke, for a while yet the family and their farms and villages prospered. That prosperity and the beauty of the meadows and upland pastures and oak-crowned hills made the domain a byword, so that people said, "as fat as a cow of Iria", or, "as lucky as an Irian". The masters and many tenants of the domain added its name to their own, calling themselves Irian. He had a sweet singing voice, a true ear, and a love of music, so that his mother, Tuly, called him Songsparrow and Skylark, among other loving names, for she never really did like "Diamond." He trilled and caroled about the house; he knew any tune as soon as he heard it, and invented tunes when he heard none. His mother had the wisewoman Tangle teach him The Creation of Ea and The Deed of the Young King, and at Sunreturn when he was eleven years old he sang the Winter Carol for the Lord of the Western Land, who was visiting his domain in the hills above Glade. The Lord and his Lady praised the boy's singing and gave him a tiny gold box with a diamond set in the lid, which seemed a kind and pretty gift to Diamond and his mother. But Golden was a bit impatient with the singing and the trinkets. "There are more important things for you to do, son," he said. "And greater prizes to be earned.".The name and office of archmage were invented by Halkel, and the Archmage of Roke was a tenth Master, never counted among the Nine. A vital ethical and intellectual force, the archmage also exerted considerable political power. On the whole this power was used benevolently. Maintaining Roke as a strong centralising, normalising, pacific element in Archipelagan society, the archmages sent out sorcerers and wizards trained to understand the ethical practice of magic and to protect communities from drought, plague, invaders, dragons, and the unscrupulous use of their art..Seemed odd.
